DISTRICT LEAGUE AVERAGES APPEAR

Saengerbunds Champions
by Eighty-three Points.

JOLLY FAT MEN GAVE OUT

Campbell Individual Champion With
188.33—Kraus Close Second With
187.15—Acme's Brace Up.

The bowling season of the District League closed last Wednesday night with the series between the Saengerbunds and Golden Eagles. The Germans are champions by a large margin. For several months they engaged in a game of see-saw for first place with the Jolly Fat Men, but in the last month pulled away from their rivals.

Third Place Race.

A good race for third place waged between the Acme's and Business Men until two weeks before the end of the season, when the Acme's gradually drew away from their opponents. In the meantime the Golden Eagles braced up perceptibly and caught up with the Business Men, and the teams quit the season tied for fourth place. The Rathskellers are fourth, having won one-third of their games.

George Campbell won first place from Kraus, of the Germans, in the last two sets, and the latter was unable to overtake the Acme man, although he closed the gap one point. The standing of the teams and individual records follow:

McCu and Shaw appear to have returned to their old form. McCu is one of the best horsemen in the saddle, and if he keeps up his present gait will be among the leading riders of the season.

Phillips is riding in excellent form, as was shown on Saturday when he landed Briarcliffe a winner after he appeared to be hopelessly beaten.

Shaw sometimes does not show the alertness at the post that he might, but he is one of the best judges of pace and hand riders in the country.

Walsh has leaped into prominence in the last week, but there is some indication that the boy is having his head turned by a little success—a circumstance that will hardly conduce to success in the future.

Benning is rapidly gaining a reputation as a favorite track. In the nine days of the meeting twenty-eight first choices have been returned winners. This is more than 50 per cent and is a remarkably large number. It is the more surprising from the fact that in the spring of the year it is always expected that the horses will show reversals of form. There have been only four long shots to win since the meeting began and more than 25 to 1.

W. P. Burch is pointing Castellan for the second Benning Spring Handicap, which will be run on the last day of the meeting. The horse is one that does not require a great deal of work, being an animal that carries little surplus flesh, and may start in a race before that time.

Castellan apparently retains all of the speed that made him a frequent winner last year, and is in robust health.

Much interest has been manifested by horsemen now at Benning in the two-year-olds that have been shown. So far, there have been no winners. Race Kings, or Peter Pauls, but there are some that appear to have the making of good, useful race horses. Alida Avon has been the only youngster to place more than one time to his credit, but there are several other babies that can, without doubt, take the measure of the Bradley gelding.

Robert Bradley heads the list of winning owners at this meeting. He was rather late beginning his victories, but once started he has put them over the plate in rapid succession. H. C. Schulz, by reason of his victory in the Benning Handicap, is second on the list, while W. C. Daly, who generally is near the top, is far down the list. Daly's ill success has been trying to the old man, who sees in it an indication of what may be expected during the remainder of the season.

The only stake event on the program at Benning for this week is the Southern Hunters' Steeplechase, which will be run on Saturday. It is similar in conditions to the Spring Hunt Steeplechase, which was run last Saturday, and gentlemen riders have another opportunity to show their skill in the saddle.

PIERRE LORILLARD AT TRACK.

ON LOOKOUT FOR WINNER.

This picture of the famous sportsman turning his glass on the horses was taken especially for The Times.

Timely Gossip of Paddock And Stable at Benning

Jockey Tommy Burns leads the riders of the present meeting at Benning in the number of winning mounts. Burns has placed eight victories to his credit and was in a fair way to head the list and lead during the whole meeting, but the four days' suspension which Starter Cassidy imposed will probably enable Phillips to wrest the honor from him.

Phillips is riding in excellent form, as was shown on Saturday when he landed Briarcliffe a winner after he appeared to be hopelessly beaten.

Shaw sometimes does not show the alertness at the post that he might, but he is one of the best judges of pace and hand riders in the country.

Walsh has leaped into prominence in the last week, but there is some indication that the boy is having his head turned by a little success—a circumstance that will hardly conduce to success in the future.

One of the best colts that has been seen is Melrose, a stout, strongly-built and thick-set youngster. He has run twice, the first time finishing third and the second time winning.

Passadena, the McLaughlin colt that won on Saturday, bids fair to develop into a good one, and as he has to head the best one in the McLaughlin stable, great things are expected of him.

Madden's two-year-olds have been disappointing, though it is probable that Flyback and Lalite will show better performances than they have so far. The latter is an especially good-looking colt, by the Futurity winner, Reginald, and in his only start displayed a great burst of speed, but tired in the deep stretch track.

Lalite ran prominently in her only start, and will about win the next time she goes out.

Dr. Swartz, Dulcibella, and Incense are about the best of the other youngsters seen.

Unless all horsemen at Benning are mistaken the winner of the Carter Handicap, which is the stake feature of the opening day at Aqueduct, is now stabled at Benning. Several of the candidates for that race have already been seen with colors up at the present meeting, and all have shown up well.

The trainers at the local course believe, and with much reason, that the thoroughbreds who have had the benefit of several weeks' seasoning, can be expected to defeat the more aristocratic horses that have been trained around New York, but have not yet been to the races.

Many horsemen look upon Peter Paul as the winner of the Carter, and with only ninety-eight pounds to carry the colt will take a lot of beating.
